## ***Introduction***

The staff and students of École Camille J. Lerouge School would like to thank you for choosing our school community. We are very proud of our school and are confident you will continue to enjoy your time at École Camille J. Lerouge School.

Red Deer Catholic School Division implemented the Middle School Philosophy in 2003, and the purpose of this handbook is to help answer questions regarding the transition to middle school within Red Deer Catholic, specifically École Camille J. Lerouge School. We hope this handbook will ease the uncertainty students may feel in transitioning from elementary to middle school.

## ***Philosophy of Ecole Camille J. Lerouge School***

The middle school years are recognized as an important time when students develop their self image and center their attitudes towards learning. Relationship building can play a large role in this process and we aim to create learning experiences that will further students' social and moral development while providing academic excellence. The middle school years span sixth to ninth grades and represent the passage from childhood into young adulthood. Sixth grade resembles elementary school in that it is more self-contained but provides a transitional phase during which sixth grade students interact with older students through common activities and experiences. Ninth grade resembles more of a high school model, and students are transitioned in preparation for high school success.

École Camille J. Lerouge is a closed campus. **NO STUDENTS ARE ALLOWED TO LEAVE THE SCHOOL GROUNDS AT ANY TIME DURING THE DAY UNLESS ON SCHOOL MATTERS AND ACCOMPANIED BY A TEACHER/SUPERVISING ADULT.** A student must be accompanied by an adult if leaving during the day. Except for school matters, **all** students must be signed out by a parent or guardian at the office when leaving the school. If your child is sick or going on holidays, please notify the office to advise why your child will not be at school.

### ***Programs***

#### **➤ Core Classes**

We offer all of the core classes mandated by Alberta Education. Our school operates on a six day timetable. Students in grade 6 will study English/French Language Arts, Science, Social Studies, Math, Religion, Physical Education (P.E.), Health, Band and Fine Arts.

#### **➤ PowerSchool**

Each student and parent will receive a username and a passcode to set up PowerSchool accounts in September. With this you will have access to your child's updated marks and comments from their teachers. It is a useful tool to track your child's progress, missing assignments, etc.

#### **➤ TAG (Teacher Advisory Group)**

Each student will be assigned to a grade level TAG, which will be their homeroom class. TAG groups meet regularly for activities and church celebrations. The TAG teacher is also the first line of contact for parents. TAG classes are also teamed with "family groups", which is another class from another grade, for special projects and activities.

➤ **Extra-Curricular Activities**

Middle school offers a wide range of extra-curricular activities for students to further their experience. École Camille J. Lerouge School offers activities such as: Ski and Snowboard Club, Jazz Band, Music Ministry, Aquathon, B.E.A.U.T.I.F.U.L. Girls Club, The Edge, Healthy Relationships Plus group, C.A.L.D Leadership group, and Intramurals to name a few.

Students in grade six will have the opportunity to try out for the Junior teams within our competitive athletics league. These teams include football, volleyball, basketball, badminton and track and field. The tryout times are communicated through announcements and displayed in the PowerSchool daily bulletin.

Students are highly encouraged to participate in extra-curricular activities as it provides other opportunities to explore interest areas and it helps students become part of the school culture and will make their time at École Camille J. Lerouge School more enjoyable.
